Dear,

Hope this letter finds you well.

My name is Sanela Milosevic. I was born and raised in Belgrade. I graduated acting from the University of Arts. After several years working in the theatre and movie industries, I got employed by the Carnival Cruise Line. As a member of the entertainment team, I was working as an actress and MC and later as a senior as part of the management and marketing teams.

After years spent in show business, I decided to develop my skills in the business and marketing field, so in the year 2018, I accepted an offer and started my career in the LVMH and Onboard Media company as a Port & Shopping guide / Marketing and sales manager onboard the Carnival Cruise Line.

As part of the professional and outstanding team, I reached high success levels in my career. The 3 years' long experience in the luxury industry of diamonds, gemstones, and timepieces, when I was working with the remarkable World-known brands, unfortunately, has been stopped due to the global pandemic.

The new-born situation did not stop my great desire to grow and develop in all the aspects of my being, from the spiritual to the professional aspect.

In 2020, I got into a deep development in the field of digital marketing, as this field is tightly connected to all my experiences until now including creativity, marketing skills, and customer relations.

What I love the most regarding digital marketing is that it has always been and will be serving society and business companies no matter big or small.

I got certified for SEO and Internet marketing management in the Professional Development School in Belgrade. I also completed several different online training modules in this field. Currently attending the Web design course at Bozidarac school in Belgrade.

I have been a member of the Wealthy Affiliate platform since 2015, where I learned WordPress and affiliate marketing. I also host my website here at WA, <https://bestonlinehomebusiness.com> which is my affiliate website for the Wealthy Affiliate program, and where I have been developing content all by myself.

I also had an opportunity to design a website for friends of mine where I implemented my knowledge in WordPress and developed a new skill learning the Wamtam theme - <https://llaconsulting.com>
My work here is reflected in website design and animations. The written content was not my responsibility.

Both websites are more or less work in progress.

This February I started my 2 years long study at the IT Academy in Belgrade, the New media design department.

After reviewing your job opening, I am certain that I perfectly fit in your team and at this time I would like to apply for some of the open positions in your company: Senior content writer and Account manager. I am happy to say that I am skilled in both and would like to apply for both hoping we are going to find the perfect match together.

What I am most proud of is my ability to adapt, my team spirit, a constant desire to grow and develop and learn new skills, a methodical approach, attention to detail, organizational skills.

I am looking forward to having to meet you in person and hear more about this job opportunity.

Along with this letter I am sending you letters of recommendation written by my senior director Jennifer Lee Zawadzki from the Onboard Media company, as well as my manager Bonnie Alice Howe and my colleague and supervisor Tessa Marie Hull.

Best regards,
Sanela Milosevic
